

Welcome  
@ round  
ITER

# Business opportunities & French support

# Program

- **The partnership and services provided**
  - ✓ immigration and workers accommodation
  - ✓ local recruitment and training
  - ✓ industrial partnerships, subcontracting, local support
  - ✓ business setup
  
- **Economic competencies linked to ITER in the Provence-Alpes-Côte-d'Azur**

# Welcome Around ITER partnership

A strong regional network has been deployed to welcome the companies and provide services matching their needs. It brings together 4 partners:

- **Agence ITER France** (immigration and workers accommodation)
- **C2I** - French ITER Industrial Committee (industrial partnerships, subcontracting, local support)
- **Pôle Emploi** and **PACA Mode d'Emploi** (local recruitment and training)
- **WOIC** – Welcome Office for International Companies (business setup)

# Immigration and accommodation

## Who can help me with official procedures and formalities to meet with my employees ?

- The Agence ITER France acts as an interface with French Authorities for administrative procedures and accommodation
- Guidelines have been set up for foreign companies seconding their employees to the ITER Project in order to facilitate the administrative formalities, for short or long stay visas, residence permit and work permit
- These Guidelines will be updated with practical information in 2014

Contact : [emmanuelle.bellange@cea.fr](mailto:emmanuelle.bellange@cea.fr)

## Who can advise and guide me during the recruitment process and how to operate ?

Pôle Emploi, the French employment center, and PACA Mode d'Emploi, the regional organization, provide you a wide range of services aiming to support your human resources project around ITER.

- Identify available talent pools
- Analyze training opportunities
- Find financial support and aids
- Select & preselect candidates based on your specific requirements
- Evaluate the candidates in a real work setting prior to recruitment
- Communicate information on your specific employment needs

## Energy Employment Forum 14th June 2013

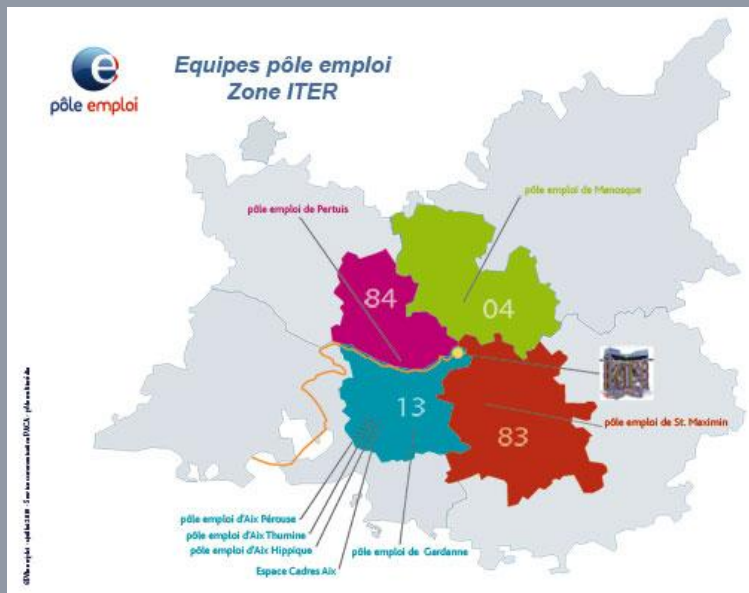

- 35 companies
- 650 candidates/jobseekers
- 220 job offers
- 96% of satisfaction

**Next edition in June 2014**

## Training & recruitment grants

### Examples

- Training before recruitment
  - support by Pôle Emploi for 400 hours between 5 and 8 €/h
  - for a 6 month fixed term contract at least
- « Emploi d'avenir » :
  - for 16 to 26 years old people
  - trained when recruited
  - 35% of the minimum wage
  - paid by public bodies between 12 & 36 months
- Employment incentive
  - Public aid between 20 to 47% of the minimum wage when the company hires a jobseeker
  - 1 year duration

# Industrial support

## Who can help me find partners and sub-contractors to work with me on the ITER project ?

Since 2006, the French ITER Industrial Committee (C2I) has been facilitating partnerships by involving more than 300 French industrialists in the project and organizing optimal conditions so they can answer calls for tender efficiently.

- Forum and pre-competitive networking
- Partnerships and Contacts
- Industrial Conferences (ITER Business Forum)
- Business to Business meetings
- Information on calls for tenders

# Business setup support

## Who can I contact to find premises and set up my activity around ITER ?

The Welcome Office for International Companies (WOIC) is your entry point to locate an activity in the Provence-Alpes-Côte-d'Azur. To make the business process easier, the WOIC coordinates the responses from various public and private partners and guides you towards the right contacts.

- Understanding the economic context
- Finding a site
- Launching and developing the activity
- Confidential / Customized / Free of charge support
